Laser Mouse CL3500

High tech focused on essential features

Issue February 2008

Pages 2

The Laser Mouse CL3500 with USB connection is equipped with all essential features a user esteems in home and business applications.

The laser sensor works with highest accuracy. Tilt-Wheel-Technology means high comfort for navigation in documents: up / down, left / right. Two resolution switch buttons allow you to adapt the resolution in four levels individually to different user applications. Besides the technical features this mouse convinces by its elegant trendy design in glossy piano black which is a pleasure to touch and work with. The ergonomic shape fits for both, left- and right-handed users. The advantage of the midi-size is obvious: the Laser Mouse CL3500 is perfect for long-time usage at the desk and also as a travel companion when on the road.

Reliability

- Precise laser technology
- Class1 Laser
- Adjustable resolution of 400, 800, 1200 and 1600 dpi
